

MIRAMAR LA CIGALE

HÔTEL THALASSO & SPA

Golfe du Morbihan
Southern Brittany

There is no "flagship season" for coming to Miramar La Cigale, which has the gift of revealing different facets of its personality each time. Here, land and sea come together only to separate again in a wild and intoxicating natural setting.

It is in this enchanting setting, bordered by the Ocean and surrounded by a sea lagoon where you will find the Miramar La Cigale, one of the finest establishments of the Atlantic Coast hotel industry, renowned for its refinement and its unusual and unique architecture, reminiscent of a docked ship, complete with decks, bridges, sea view cabins, chimneys and large glass surfaces.

A hotel offer that has been enriched by a Premium Residence, located a few metres from Miramar La Cigale and a Parcours Marin directly linked to the Thalassotherapy.

At Miramar La Cigale, we focus on the personalisation of our services and our Signature Thalasso programmes, to always better meet your expectations. Our qualified and passionate staff are attentive to your every wish, a courteous and devoted team that will not hesitate to satisfy all your desires!

The same attention is paid once seated at our panoramic restaurant which will offer you various gourmet stopovers with the use of products from our region. Le Safran offers you traditional cuisine where gastronomy and balance meet by using local products and where products from the sea have a place of honour.

Once again this year, the experts at Miramar La Cigale have come up with some new ideas that I invite you to discover throughout our pages.

Your well-being starts now...

TO OPTIMIZE YOUR CURE

Book a body scrub to prepare your skin for all the treatments: The scrub is THE essential care at the beginning of the cure. It serves to eliminate dead cells, to refine the grain of skin, to stimulate cell renewal allowing for better efficacy of the product of care applied thereafter.

After making your selection thanks to our «Bar à Gommages», you will head to the hammam for about ten minutes in order to prepare your skin to receive the scrub of your choice.
