There is no “high season” for coming to the Miramar La Cigale which has the gift of unveiling, as time passes, a different side to its personality... Here, land and sea merge and separate in a landscape as captivating as it is wild.

It is in this enchanting scenery, alongside the Ocean, and surrounded by a marine lake, in which Miramar La Cigale is anchored. One of the highlights of the hotel scene of the Atlantic Coast, renowned for its refinement and its surprising and unique architecture, that of a moored cruise ship with decks, bridges, sea-view cabins, funnels and massive panoramic windows.

A hotel provision enhanced by a Premium Residence, located a few metres from the Miramar La Cigale and a Parcours Marin

In Miramar La Cigale, we emphasise the personalisation of our services and our thalassotherapy programmes, so everyone can meet your expectations better. Our qualified and passionate staff are attentive to your smallest desires, a courteous and devoted team who won't hesitate to satisfy all your requirements!

The same attention is paid to the plate, with our panoramic restaurant, which provides you with various culinary excursions, as well as using the produce of our region. La Safran, meaning saffron, gives you a traditional cuisine where gastronomy and balance pays respect to local produce and where seafood is honoured.
